Passionate Frontend Developer | ReactJS, NextJS & Webflow Specialist | Dedicated to Crafting Seamless User Experiences | Tech Enthusiast & Continuous Learner  
Dhaka, Bangladesh

## Summary

Full Stack Web Developer | React.js, Next.js, Node.js, Express.js, Nest.js, MongoDB, TypeScript

I'm a results-driven Full Stack Web Developer with 3+ years of experience crafting high-performance, SEO-optimized, and user-friendly web applications. My work bridges the gap between elegant frontend interfaces and powerful backend architecture—turning business ideas into full-featured digital products.

I specialize in JavaScript-based technologies including React.js, Next.js, Node.js, Express.js, and MongoDB. Whether building from scratch or scaling an existing product, I ensure optimal performance, maintainability, and user experience.

## # Core Skills & Strengths:

### Frontend Development

Expert in building responsive, pixel-perfect interfaces using React, Next.js, TypeScript, Tailwind CSS, and JavaScript. Focused on accessibility, performance, and mobile-first design.

### Backend & API Development

Develop secure and scalable REST APIs with Node.js, Express, MongoDB, Firebase, and SQL databases. Experience with authentication, data modeling, and third-party integrations (Stripe, SendGrid, etc.).

### SEO & Performance Optimization

Use Next.js SSR, structured data, meta tag management, and Core Web Vitals best practices to enhance Google search visibility and site speed.

## CMS & No-Code Platforms

Proficient in WordPress and Webflow, ideal for landing pages, blogs, and content-driven marketing websites—built with SEO and performance in mind.

## DevOps & Deployment

Deploy and manage applications on Vercel, Netlify, Firebase, and custom servers. Skilled in Git, GitHub, Bitbucket, CI/CD pipelines, and environment management.

## Agile & Team Collaboration

Experienced in SCRUM environments, using tools like Jira, Trello, and Slack. Known for clean code, documentation, and team-oriented mindset.

## Innovation-Driven. Growth-Minded.

I thrive on building web solutions that make an impact—whether it's a startup MVP or an enterprise-grade product. I stay current with the latest in JavaScript frameworks, UI/UX design, and cloud technologies to deliver modern, scalable solutions.

## Let's Connect

Open to freelance, remote, or full-time roles. If you need a developer who can combine technical excellence with a deep understanding of business goals—reach out. Let's create something exceptional.
